Cameron Park, California | lt Tyler.alum@gmail.com | [LinkedIn: lt Tyler99](#)

Technologies

HTML | CSS | SCSS | JavaScript | ReactJS | Preact | AngularJS | gulp.js | Bootstrap | Node | Express | Pug | Python | Ruby | Java | MongoDB | PostgreSQL | SQL Server | MySQL

Tools

Visual Studio Code | Visual Studio | Adobe Photoshop | Adobe Illustrator | Adobe XD | Figma | Git | NPM | Jira | Oracle Content Management | Amazon AWS | Azure DevOps | Webflow

Experience

Redstone Content Solutions, Remote

April 2022 - May 2023

Associate Cloud Native Developer

- Enhanced the projects of Redstone's clients throughout various phases of project work
- Created both components and layouts to place said components and more within Oracle's SiteBuilder application
- Participated in and led various pre-sales meetings with prospective clients
- Technologies: HTML, CSS, SCSS, JavaScript, Preact, gulp.js, Git, Oracle Content Management, Jira, Figma

Tata Consultancy Services, Remote

January 2022 - March 2022

Software Engineer

- Participated in a training course for Java along with other employees
- Researched many other technologies in order to grow more efficient in them
- Technologies: Java

Health Catalyst, Remote

June 2021 - September 2021

Web Developer Intern

- Worked on enhancements to Health Catalyst's healthcare summit portal to add key features and UI/UX improvements for summit guests and users
- Quickly learned Health Catalyst's custom Cashmere library and was able to implement it in order to streamline the development process
- Technologies: Angular, TypeScript, SASS, Cashmere, HTML through Azure DevOps

Zapmoto, Remote*January 2021 - June 2021*

Web Developer Intern

- Built a widget allowing users to be quickly redirected to the Zapmoto webpage while also reading a car's VIN number if it was available on the page in order to streamline the car ordering experience
- Used Adobe Photoshop and Webflow to actively update and create new pages for Zapmoto's website, including a page that easily shows partnered car dealerships to the users
- Implemented APIs into Zapmoto's website to allow for dynamic information gathering to confirm which car a user is viewing when ordering a car
- Technologies: JavaScript, CSS, HTML, Amazon AWS, Adobe XD, Webflow, Adobe Photoshop, Adobe Illustrator

Neumont College of Computer Science, Salt Lake City, Utah*June 2020 - September 2021*

Resident Advisor (Part time alongside academics)

- Co-hosted various academic activities through the quarters with other resident advisors
- Set up new apartments for incoming students alongside resident advisors of other apartment complexes
- Kept in touch with the residents of the apartments I was in charge of and assisted with any issues they may have encountered

Education**Neumont College of Computer Science, Salt Lake City, Utah***October 2018 - September 2021*

Graduated with Bachelor of Science in Web Design and Development

3.89 GPA, Magna Cum Laude
